The major goal of the Program is to ensure Program students attend school, engage in learning and behave appropriately at school.

Please Note: Clontarf Foundation staff are not employed by the Department of Education and Training and the Clontarf Foundation is solely responsible for the delivery of the Program.

The Clontarf Foundation and the school determine which students will be allowed to participate in the Program.

Students who fail to meet the expected standards of participation and behaviour may be removed from the Program. Please note also that the school may discontinue the Program.

    - supporting the school with vocational education and training and work placements and working with the school to provide support to graduating Program students in transitioning to employment or further vocational training.

    - attending student management meetings conducted by the school for Program students, including meetings about student behaviour and attendance, where appropriate;
    - attending behaviour management induction sessions for Program students where invited; and
    - attending strategically selected classes to assist teaching staff with classroom delivery and student management for Program students where invited.
- Clontarf staff will monitor and evaluate the educational and behavioural progress of Program students, including by –
    - attending meetings with Program students' teachers and attending Program students' classes as appropriate; and
    - reviewing data relating to Program students attendance, behaviour and educational progress.

Extra-curriculum activities -

- Program students will –
    - participate in a Program orientation and induction activity organised and supervised by Clontarf staff;
