

Investing for Success

Under this agreement for 2022

Trinity Bay SHS will receive

\$1,576,500*

This funding will be used to

- Increase engagement and attendance in schooling from 88.3% to 92%
- Improve school culture and student engagement through the design and implementation of Multi-Tiered Student Support systems so that universal, targeted and intensive supports are identified, implemented, monitored and reviewed to deliver successful student outcomes.
- Develop leader and teacher capability in pedagogy and differentiation, focussed on ensuring every student is successful

Our initiatives include

- Collaborative development of a school wide response to the learning, wellbeing, behaviour and engagement needs of diverse students at Trinity Bay SHS through the design and implementation of Multi Tiered Student Support systems
- Implementation of before moderation to align curriculum, pedagogy, assessment and reporting as well as to develop shared understandings about the Australian Curriculum and quality assessment
- Appoint specialist corporate and support roles to complete work that enables teachers and leaders to focus on classroom teaching and learning programs and activities

Our school will improve student outcomes by
